Public Service Easement Deed and Agreement

- A. **FOR VALUABLE CONSIDERATION**, receipt of which is hereby acknowledged, Westpoint Harbor, LLC, a California limited liability company ("**Grantor**"), GRANT(s) to City of Redwood City, a charter city and municipal corporation ("**Grantee**") a non-exclusive easement appurtenant in and to Grantor's Property (as defined below) (the "**Easement**"), which Easement Area is more particularly described and shown on Exhibit A, attached hereto and incorporated herein by this reference ("**Easement Area**"). The Easement Area shall be used solely for public water facilities, which include water mains, water meters, user services lines, fittings, valves and other related appurtenances thereof ("**Public Water Facilities**"). The provisions of this Easement Deed and Agreement ("**Deed**") are intended to and will run with the land, and, until their expiration or termination in accordance with the terms of this Deed, will bind, be a charge upon and inure to the benefit of Grantor and Grantee, and their respective successors and assigns. Grantor may request in writing for Grantee to amend or vacate the Easement established by this Deed contingent upon the relocation or removal of Public Water Facilities at Grantor's sole cost and expense. Grantee shall not unreasonably withhold, condition, or delay approval of such request.
- B. **THE PURPOSE(S) OF THE EASEMENT** shall be for installation, repair, and maintenance of Public Water Facilities owned and operated by Grantee under, upon, or across the parcel of certain real property in Redwood City, County of San Mateo, State of California described in Exhibit B ("**Grantor's Property**"). Grantee shall perform all work to construct and operate the Public Water Facilities in a safe and workmanlike manner, in full compliance with professional standards prevailing in Redwood City, California, and in full compliance with all applicable laws. Grantee shall obtain, or cause to be obtained, at no cost or expense to Grantor, any and all permits or approvals in connection with the Public Water Facilities necessary or desirable under applicable law.

USE OF EASEMENT AREA. The Easement Area shall be kept open and free from buildings, and structures of any kind, except that lawful fences, surface pavement, including surface parking, and irrigation systems ("**Authorized Encroachments**") may be located within the Easement Area provided that such Authorized Encroachments do not create a substantial risk of damage to the Public Water Facilities. In the event that Grantee needs to remove Authorized Encroachments to maintain the Public Water Facilities, Grantee, at Grantee's sole cost and expense, shall be responsible for the restoration with comparable Authorized Encroachments within a reasonable amount of time. Grantee shall not be responsible for any damage to buildings, structures, and encroachments that are not Authorized Encroachments, installed within the Easement Area. Grantee acknowledges on behalf of itself and its representatives that it accepts Grantor's Property strictly "AS-IS, WHERE-IS" and "WITH ALL FAULTS" and assumes all risk thereof, including any risk of bodily-injury or death or damage to property of a third party arising directly or indirectly out of or in any way relating to Grantee's use of Grantor's Property.

Except as otherwise provided, Grantee, at its own cost and expense, shall be responsible for repair of any damage to Grantor's Property (including, but not limited to, the improvements thereon) caused by, or arising out of, in any manner, Grantee, its agents, employees or contractors (collectively, "**Grantee Parties**") and each individually a "**Grantee Party**") in maintaining or installing the Public Water Facilities or any Grantee Party's use or access of Grantor's Property under this Deed.

- C. Grantee shall bear all costs and expenses of any kind or nature incurred in connection with Grantee's use of Grantor's Property. Grantee shall defend, indemnify, save and hold harmless Grantor from and against any and all losses arising directly or indirectly out of or in any way relating to: (i) any act or omission of Grantee Parties in Grantee's use of Grantor's Property; (ii) any failure by Grantee Parties to perform any of the terms, provisions, covenants or conditions of this Deed on Grantee's part; and (iii) any accident, injury or damage to persons or property caused by Grantee Parties that shall happen at, in or upon Grantor's Property; except, in any case, to the extent caused, contributed to or exacerbated by the negligence or willful misconduct of Grantor.

Grantor shall indemnify and hold Grantee and Grantee Parties harmless from any and all losses, damages, claims, liabilities, and attorney fees incurred or suffered by Grantee as a result of any damage to the Easement Area or Public Water Facilities caused by the negligence or willful misconduct of Grantor, its members, officers, agents, employees, partners, servants, tenants, guests, invitees, successors and assigns.

- D. **NOTICE.** Any notice, approval, consent, or other communication (each, a "**Notice**") required or permitted to be given under this Agreement shall be in writing and may be sent (i) by personal delivery or (ii) by reputable overnight courier service for next business day delivery. All Notices shall be deemed given and delivered on the date of receipt or first rejection.
